PROJECTS

Esports 1
Blockchain NFT marketplace

Live URL

We integrated smart contracts into our front-end using Moralis.io, developed the interface with ReactJS and Redux, and ensured a responsive design for seamless user experience across all devices.
- We used Solidity contract at backend.
- The app was directly dealing with Smart contract skipping any servers.
- Authentication was done by Metamask itself. We created Frontend interface using ReactJS and styled components

Guidepoint Insights
Newer Guidepoint Interface with Next.Js

Live URL

We've developed an public portal for Guidepoint subsribers to manage and visualize news and audio transcripts.
- User logs in and select his preferences for data to be shown.
- We have used Nest.Js , Material UI and Figma Wireframes a frontend framework.
- I got opportunity to work on Server side rendering for various section of the Guidepoint pages.

SKILLS

JavaScript   React.Js   Next.Js   Node.Js   Nest.Js   ExpressJs   Redux Toolkit   Microservices   HTML and CSS

EDUCATION

B.Tech. Computer Technology
Y.C.C.E Nagpur

📅 Mar 2014 – Mar 2018

Intermediate. Science
Hislop Nagpur

📅 Mar 2012 – Mar 2014
